The China Review for July and August, 1875, is at hand. It says that forty-two Masonic Hall, Zetland Street. essays were sent in to compete for the best paper on the advantages of Christianity for the development of a State. All our learned societies should subscribe to this scholarly and enterprising Review. It is a sixty paged, bi-monthly, repertory of what scholars are ascertaining about China. The projectors, bashing their estimates upon the most reliable information from the various Ports in China and Japan,from Anstralla, California, Singapore Penaug, Salgon, and other places frequented by the Ohinese, — consider themselves justified in guaranteeing an ultimate circulation of between 8,000 and 4,000 copies.
